MedlinePlus is an online health information resource for patients and their families and friends. It is a service of the National Library of Medicine (NLM), the world's largest medical library, and a part of the National Institutes of Health (NIH).

- Offers information on health conditions, medical tests, medications, dietary supplements, and healthy recipes.
- Sourced from more than 1,600 selected organizations.
- Provides 40,000 links to authoritative health information in English and 18,000 links to information in Spanish.

**MedlinePlus features:**

- Health Topics: Each health topic page links to information from NIH and other authoritative sources, as well as a PubMed® search.
- Medical Tests: Each description includes what the test is used for, why a healthcare provider might order the test, how the test will feel, and what the results may mean.
- Medical Encyclopedia
- Information about Drugs & Supplements: Learn about prescription drugs, over-the-counter medicines, dietary supplements, and herbal remedies.
- Healthy Recipes: Complete Nutrition Facts label is included for each recipe.
- Health Information in Multiple Languages
- Easy-to-read materials
- Videos and tools
