Physical Education: What Are Parents Saying?

"They love PE and wish they could have it everyday!"

“It's shameful that with childhood and adult obesity rates soaring, we as a nation are not rededicating ourselves to PE.”

30.9%
Of children ages 10-17 are overweight or obese

“PE isn't just being active, it's also [about] learning to work with others on a team.”

"[My daughter] enjoys learning about and experiencing sports she might not have been exposed to otherwise."
